- Character & Leadership
- Education & Career Development

# Member's Responsibilities

The Club has three basic rules & procedures that every member must follow. These three rules will help to ensure the safety of all participants and will also contribute to creating a fun, positive and memorable experience at the Club. The three rules are:

- Be RESPECTFUL
- Be RESPONSIBLE
- Always be ready to LEARN and have FUN in doing so
- Keep hands, feet and all other body parts to yourselves
- If you don't have anything nice to say; don't say anything

The Club has a "Zero Tolerance" Policy for physical harm towards others and bullying. Any such act will result in a suspension and/or expulsion from the program. Students **MUST** report instances of the above immediately to a staff/site supervisor so they can be handled appropriately.

Use or possession of weapons, any tobacco product, illegal drugs and/or alcohol, and sexual harassment is strictly prohibited and will result in expulsion.

All Boys & Girls Club members are required to adhere to the same dress code as the Charlotte County Public Schools, please reference the following web address for specific details: [www.yourcharlotteschools.net](http://www.yourcharlotteschools.net)

\*\*\*If it's inappropriate for school.....it's inappropriate for the club!

## Discipline Procedures

Our staff works to prevent negative behavior by providing activities that are engaging, fun and foster positive moral values. In the event that a youth displays undesirable actions, staff has been directed to take the following logical consequences:

- You break it...You fix it.
- Verbal warning and/or time away.
- Loss of privilege(s).

If behavior is reoccurring the following will take place:

- Written referral administered and signed by member, parent, staff/Unit Director.
- Habitual referrals (2 or more) will result in a parent conference with Unit Director.  
If this occurs parents will be encouraged to provide steps to successfully implementing an accountability plan.
- If all the above measures are still not effective possible restrictions, suspension and expulsion may occur.

Our staff will also be implementing some of the "7 Habits of Highly Effective People" elements allowing us to use a shared, common language with the school district. We will strive to "be proactive" while we "begin with the end in mind" and "put first things first." Together, we "think win-win" and "seek first to understand then to be understood" which creates the possibility of creating "synergistic" solutions to complex problems. All of these efforts are held together by our practice of continually "sharpening the saw" which helps us maintain balance in our lives and keeps us renewed.

By signing below I understand all the responsibilities above. I have read and discussed these expectations with my parent/guardian and I agree to abide by these terms. **\*Please return to Unit Director and a copy can be made for your records upon request\*** Parent Signature: \_\_\_\_\_ Date: \_\_\_\_\_

# Technology Acceptable Use Policy

## Responsible Computer use Guidelines for Members

Boys & Girls Clubs' ("Club or "Clubs") computer network and Internet access are available to members to enhance their educational experience and help them become literate in an increasingly technological world.

The purpose of this Acceptable Use Policy is to foster the appropriate use of that network, e-mail and the Internet. The following guidelines apply to all users whenever they access any of the Clubs' network connections.

## Educational Purpose

The Clubs' network has been established for educational purposes limited to classroom activities, school to career development, and scholastic research on appropriate subjects.

The Clubs' network has not been established as a public access service or a public forum. The Club has the right to place reasonable restrictions on the material the member's access or post through the system. You are also expected to follow this Acceptable Use Policy (as well as other Club rules and policies applicable to members) when in the technology center or accessing the network.

The Clubs' network is considered a limited forum, similar to a school and, therefore, the Club reserves the right to regulate that forum for valid educational reasons. The Club will not restrict your speech on the basis of a disagreement with opinions you are expressing.

You should expect only limited privacy of the contents of your personal files on the Clubs' network. This situation is similar to the rights you have in the privacy of your locker at school.

The Club reserves the right to search member files, if there is a reasonable suspicion that you violated this Acceptable Use Policy, Club rules and policies, or the law.

## Unacceptable Uses & Personal Safety

You will not post personal contact information about yourself or other people. Personal contact information includes (but is not limited to) home, school, or work addresses, telephone numbers, and e-mail addresses.

You will not agree to meet with someone you have met online without your parent's approval. A parent or guardian should always accompany you to this meeting.

You will promptly disclose to a Club staff member any message that you receive that is inappropriate or makes you feel uncomfortable.

You will not use any instant messaging program or social networking site – examples (Facebook, My Space or Twitter).

## Illegal Activities

You will not attempt to gain unauthorized access to the Clubs' network or to any other computer system through the Clubs' network. This includes attempting to log in through another person's account or access another person's files. These actions are illegal, even if only for the purpose of "browsing."

You will not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.

You will not use the Clubs' network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco or other drugs, engaging in criminal activity, or threatening the safety of another person.

## **System Security**

You are responsible for your individual user account and should take all reasonable precautions to prevent others from being able to use your account. Under no conditions should you provide your password to another person.

You will immediately notify a Club staff member if you have identified or witnessed a possible security problem.

**Do not go looking for security problems because this may be construed as an illegal attempt to gain access.**

## **Inappropriate Use**

Restrictions against inappropriate use apply to public message, private message, and material posted on the Web pages. Within reason, freedom of speech and access to information will be honored.

The following are not permitted:

- Sending or displaying unkind or offensive messages or pictures, pornography, or hate literature
- Using unkind or obscene language
- Harassing, insulting or attacking others
- Intentionally damaging computers, computer systems or computer networks
- Violating copyright laws
- Using another's password
- Trespassing in another's folders, work or files
- Intentionally wasting limited resources (This includes distributing mass e-mail messages, participating in chain letters, creating or participating in unauthorized newsgroups, and storing files on file servers without proper authorization)
- Employing the network for commercial purposes, political activities, or lobbying
- Installing additional software without prior approval
- Using portal or proxy websites

Violations may result in a loss of access as well as other disciplinary or legal action.

## **Respect for Privacy**

You will not re-post a message that was sent to you privately without permission of the person who sent you the message.

You will not post private information about another person.

## **Plagiarism and Copyright Infringement**

You will not plagiarize the works that you find on the Internet. Plagiarism is taking ideas, writing, or pictures of others and presenting them as if they were yours. It is dishonorable and it is a prohibited use of this facility.

You will respect the rights of copyright owners. Copyright infringement occurs when you reproduce a work that is protected by a copyright without authorization. If a work contains language that specifies appropriate use of that work, you should follow the expressed requirements. Copyright law can be confusing; therefore, if you have any questions please ask a teacher or Club staff member.

## Disciplinary Actions

Members who violate the Acceptable Use Policy may be denied future Internet and/or network privileges for a defined period of time, or be subject to other disciplinary measures as set forth by Club policies.

By signing below I agree that I have read, understand and will abide by these regulations.
